IT'S A LONG STEP

from the growing of the grain to the baking of the bread, but the intermediate necessity—the flour—is our specialty. Our household flour is milled from the choicest selected hard winter wheat, and contains all the most nutritious elements of the grain. It is not a white flour, but a natural product of the perfect wheat. Hence it makes the sweetest and purest bread.

Negro Hanged by Mob.

Wallace Miller, the colored boy who was charged with having attempted criminal assault upon Miss Lula Wadlington, the eleven-year-old daughter of Tom Wadlington, of Trigg county, Tuesday afternoon, was lynched by a mob of about fifty men Tuesday night about 8 o'clock.

Two brothers of the girl, Wayne and Monty Wadlington, and Milton Barber, started to Cadiz with the negro shortly before sun down, but when they reached Mount Tabor church, about six miles from Cadiz, the mob met them. Guns were leveled on the three boys and they were forced to surrender the negro and go on back home.

The negro was hanged to a tree right near the church and close to the big road leading from Caledonia to Cadiz. One of the Wadlington boys telephoned the news of the lynching to Cadiz.

Peach Cream.

If you have not tried that fine peach cream we sell you don't know what you've missed. Sold at the fountain and also sent out for family use.

Green Gage Plums for preserving.
Simply fine.
WM. SAUER.

Punished Sufficiently.

Gov. Willson has pardoned a Lincoln county gentleman who in a moment of excitement incident to a street fight bit off another Lincoln county gentleman's nose. The Gov. holds that he has been punished sufficiently. This leads us to conclude, then, that he didn't spit it out, says that spiteful old editor of the Cynthiana Democrat.

Big Balloon at the Bourbon Fair.

Holz's captive balloon, "Wanderer," will make ascensions every fifteen minutes during each day of the Bourbon Fair, September 7-11, carrying passengers to a height of 1,200 feet.

Two and one half minutes are required to make the ascent and seven minutes time to view the miles of blue-grass country towns and villages, while making the descent. Regular trips—10 a. m. to 10 p. m. Four passengers on each trip. This is the only passenger carrying captive balloon ever exhibited South of the Ohio river. The balloon will be liberated on the last day of the fair, and anyone wishing a long ride may be accommodated by applying to Geo. Rassenfoss, Chairman Amusement Committee, Paris, Ky.

Hammocks.

Hammocks and porch shades of every description and size now at greatly reduced prices.

Order Against Rectifiers.

Rectifiers are prohibited from making wine mash and using it for the production of compound liquors, in an order issued Wednesday by the acting Commissioner of Internal Revenue. The order becomes effective Sept. 1.

Fine Pears.

The finest of California pears on the market.
WM. SAUER.

Gone East.

Mr. W. Ed. Tucker, the well-known dry goods merchant, is now in the East selecting his fall and winter stock of dry goods, notion, etc. His new stock will let the largest and most complete ever brought to our city. Mr. Tucker's reputation as a merchant in this section is enough to assure his patrons and the ladies generally of this community that his new goods will be pleasing to their taste. Mrs. Tucker is with her husband on the trip.

Lawyers Hold Conference.

United States Senator W. O. Bradley, of Louisville, and Judge D. B. Redwine, of Jackson, of counsel for Beach Hargis, met at Lexington Wednesday for the purpose of consulting about their client's case, which is now awaiting hearing in the Court of Appeals. Beach Hargis was given a life sentence for the murder of his father, Judge James Hargis, by a jury at Irvine last spring, and took an appeal to the higher court in June. The case is set for hearing in the Court of Appeals some time in September. Senator Bradley is expected to make the oral argument for Hargis, but it is not yet definitely known who will represent the Commonwealth.

Big Midway for Paris Fair.

Mr. Geo. Rassenfoss, Chairman of the Amusement Committee of the Bourbon County Agricultural Society, has closed a contract with Runney's Zoroo Company, of Cincinnati, for the "Pilgrim's Progress" at the Bourbon County Fair, which begins on September 7. This midway, or "Pilgrim's Progress" as it is now called will consist of ten different and distinct attractions of the very best that can be gotten. The Ferris Wheel, Merry-go-round and the captive balloon are among them. There will be a free gate at night and the Fair Grounds beautifully illuminated with electricity. The company that is furnishing these attractions is the same that has been furnishing the attractions for the Cincinnati Fall Festival for the past four years. Mr. Rassenfoss can be congratulated on closing the contract for these attractions for they are known to be the very best that can be had. They are sure to draw large crowds to the grounds every night of fair week.

Rise in L. & N. Stock.

A rapid rise of 7 1/2 points in Louisville and Nashville was the feature of trading on the Stock Exchange at New York Wednesday. The movement was without official news to explain it, and, as usual, various rumors were in circulation as to the cause of the rise. The generally accepted theory was that there is to be an additional issue of stock to be offered on terms affording valuable subscription rights to holders of the existing shares.

Back to Kentucky.

Charles H. Stoll, the well known lawyer, business man and politician, of Lexington, who last spring so vehemently shook the dust of Kentucky from his shoes, and left declaring that the night riding and general lawlessness made the old Commonwealth an unfit place to live or rear his family, and went to New Mexico to make his home, insisting he had left Kentucky forever, has already relented his harsh judgment of the old State and has returned with his family to again take up his residence.

The Sutton Case.

Dr. E. M. Schaeffer, testifying as an expert on gunshot wounds, told the Naval Board of Inquiry that in investigating the death of Lieut. James Sutton that from his position as described by Lieut. Adams and the other officers Sutton could not have fired the shot that killed him. Sergt. Todd, whose newspaper interview in Boston created a sensation, was called and repudiated some of the statements in the interview.

Democratic City Primary Called For September 23.

PRIMARY ELECTION NOTICE.
A Primary Election is hereby called to be held at the several voting places in the City of Paris, Ky., between the hours of 6 a. m. and 4 p. m., on Thursday, the 23d day of September, 1909, to nominate Democratic candidates for the following offices in said city, to wit: Mayor, Police Judge, Chief of Police, three Councilmen from the First Ward, three Councilmen from the Second Ward, and one Councilman from the Third Ward; said Primary to be held under the Primary Election Law of the State of Kentucky, and only known registered Democrats will be permitted to participate therein.

Candidates for the several offices will be required to pay the following entrance fees, which must be paid not later than 12 o'clock, noon, on September 8, 1909, to secure a place on the ballot, viz: For Mayor, \$25.00; for Police Judge, \$12.50; for Chief of Police, \$12.50; for Councilmen, \$3.00.

Should any candidate have no opposition by 12 o'clock, noon, on the 8th day of September, 1909, the Chairman of this Committee will on that day declare him the nominee of the Democratic party for the office for which he is a candidate.

All fees payable under the above call are payable to George Rassenfoss, Treasurer Democratic City Committee. WHITTINGTON MANN, Chairman of the Democratic City Committee, Paris, Ky., Aug. 10, 1909.

Attention Automobilists.

The best gasoline to be had for automobiles, gasoline engines and gasoline stoves is the kind we sell. It is put through the double filtered system which removes all water, sand and sediment of all kinds, making it absolutely pure for all kinds of engines. We also sell the best lubricating oils. Autos can be filled with oil at our Eighth street entrance in two minutes.

How Tariffs are Made.

It is the popular impression that a tariff is the slowly worked out product of protracted congressional inquiry and matured thought, says the Chicago Tribune, a Republican paper. This impression is confirmed by long and apparently earnest senatorial debates over one or another schedule. The people who sat in the senate galleries a few weeks ago and listened to the elaborate discussion of the wool and woolen schedule thought they saw how tariffs are made.

That was a great mistake. The senate in adopting the schedule it did merely ratified one which had been agreed on months before by outside parties. Last October East and West met in Chicago. The manufacturers of woolen goods of one region and the wool growers of the other came together to agree on the wool and woolen duties of the tariff law which they assumed would be passed the following year. Their conclusion was that the Dingley law rates should be re-enacted. That having been settled, nothing was left but to notify congress quietly after it should have been elected and had convened.

The elaborate hearings before the ways and means committee were a farce. The wool and woolens schedule was then res judicata. The senatorial debate was a sham fight. As the President of the National Association of Woolen Manufacturers, says, "This entire discussion is unnecessary and absurd." After the real tariff makers had decided what the duties were to be, why spend time in talk?

If the allied eastern and western interests had seen fit they could have ordered congress to raise the duties, and presumably it would have done so. It may be that the public should be thankful for their moderation. But what a legislative mockery it is when a few men get together in private, make out tariff schedules to suit themselves, and then direct congress to make it law. Now we begin to understand how tariffs are made.

Taft a Disappointment.

President Taft is to make a trip to the west. It is given out that he will take advantage of the occasion to try to placate the insurrectionary middle west by making a series of speeches explanatory of the tariff bill. The action of the President in signing the bill was a surprise and disappointment to people generally, especially to the people of the middle west, who are strenuously opposed to any plan of a high protective tariff and he will have a difficult job in justifying that action. After his nomination for President, Mr. Taft promptly declared for a revision downward. He told the people from the stump that the party at Chicago had so declared, and in support of his position, quoted from the tariff plank in the platform. After his election and the meeting of Congress to consider the question he reiterated his ante-election speeches, and went so far as to intimate that he would not sign any tariff bill that did not conform to his ideas and position based on the party declaration at Chicago. President Taft has disappointed the tariff reform element of his party. In plain words, he has done what he accused the standpatters of doing. He has violated the party pledge, on the tariff issue, as he interpreted and accepted it. He capitulated to Aldrich, Cannon and that class of extremists; he surrendered to the enemy and will find it no easy task to explain his change of position. He seemed to lack firmness just at a time when firmness was most necessary.

Tobacco Trust Methods.

We are permitted to make the following extract from a private letter from James S. Carpenter, of Deland, Florida, in regard to tobacco matters in that state says the Flemingsburg Times-Democrat. We print this to show our people how much of consideration they may expect if they fail to pool their tobacco and bring the Tobacco Trust to terms. He says: "I have been traveling through the tobacco section of the State this week and have had a strenuous time of it. They grow nothing but wrapper and the land has to be shaded with lattice coverings which cost about \$1,000 per acre. For the past ten years they have realized from 80 cents to \$1.25 per pound for it and the industry has grown to a wonderful magnitude. You can see hundreds of acres of these shaded lands from the car windows and up to two years ago a man with fifty or one hundred acres of shaded land was considered rich, but the American Tobacco Company, having failed in the white Burley district, took these people by the throat and now they have two crops on their hands with no market at all for it. It costs from 20 to 30 cents a pound to produce it and when the trust gets ready will set the price at about the cost of production. This tobacco is used for wrappers in domestic cigars and the American Tobacco Company, makes nearly all of them. The industry is utterly destroyed and the people here will have to seek other fields of endeavor and these costly sheds are a total loss. The American Tobacco Company has bought thousands of acres of these lands and are growing it on a large scale themselves."

Republican Misrepresentation.

Some of the Republican papers are comforting their leaders with the assurance that if the tariff question disposed of, the country will enter upon a period of unusual prosperity, which is all bosh and nothing but pure and simple rot of the worst kind. Why should this be so? The tariff question was settled in a way that was not satisfactory to a majority of the people; it was not satisfactory to a majority of the Republican party. It will add to the burden of the laboring people, and it is difficult to see how it will stimulate general business, or add to the general prosperity.

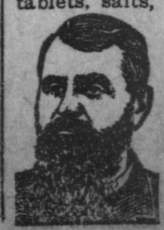

An Indigestion Remedy Free

Many people who are otherwise healthy suffer from indigestion, or dyspepsia. When you consider that the stomach and allied digestive organs are the most important organs of the body, it would seem that a disorder there is to be taken very seriously.

Dyspepsia cannot eat the things they like; food sours in the stomach; then chronic constipation begins, or, as is often the case, you have been constipated all along, and the stools are forced and irregular. But there is no use letting indigestion go until it becomes chronic and undermines your health. It is good advice to suggest to you that you go to your druggist and get a bottle of Dr. Caldwell's Syrup Pepsin, the wonderful cure for stomach, liver and bowel troubles. That is what C. Fowler, of Carson City, Mich., did and he is well today. Others who did the same and are cured are Ida A. Fortune, of Grand Junction, Tenn.; B. F. Thompson, of Shenandoah, Ia., who actually considers that it saved his life. You can obtain a 50-cent or \$1 bottle of the druggist, and, taken according to directions, it will probably be all you need. It is a liquid, acts gently, never grips, and besides the laxative effect, contains exceptional tonic properties which tone the stomach, and that is what is especially needed in indigestion.

All sufferers from indigestion who have never used Dr. Caldwell's Syrup Pepsin can obtain a free test bottle by writing the doctor. It will be sent direct to your home without any charge. In this way thousands have proven to their own satisfaction Dr. Caldwell's Syrup Pepsin is the very remedy they needed to cure indigestion. When once you use this grand remedy you will throw violent cathartics, tablets, salts, etc., away.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Monticello, Ill.

COLLIE DOGS AT THE STATE FAIR.

An Exhibit That Should Appeal to
Progressive Farmers.

The collie dog exhibit from present
indications will be bigger and more at-
tractive than ever before. The num-
ber of prize rings have been increased
and the premiums are more liberal
than last year's show. It will be held
under the rules of the American Ken-
nel club and as four points are to be
gained by owners toward a champion-
ship medal, it is confidently expected
that there will be a number of high
class exhibits from the eastern and
northern states and it is not at all
unlikely that some of the most cele-
brated kennels in the United States
will be represented at this show. The
exhibit will be conducted under the
auspices of the Kentucky State Fair
Collie club, which includes in its mem-
bership the most prominent collie
fanciers in the state and gentlemen
who are quite prominent in business
and social affairs. The club officers
are: Judge Geo. DuRelle, president,
Prof. M. A. Scovell, vice president,
W. J. Sellman, secretary, John H.
Good, Joseph Burge, W. H. Giltner, W.
R. Moorman, Jr., members of the ex-
ecutive committee. A number of
special prizes have been secured and
altogether the prospects are quite flat-
tering. The collie has come to be
recognized as a farmer's dog and for
this reason this show should appeal
to every progressive farmer in the
Commonwealth. For many years past
the dog show has been one of the very
best attractions of the State Fair. This
year with an increased number of dogs
and a greatly increased interest in the
show, it should be better than ever.

SOME FINE FEATURES.

Special Nights at the Kentucky State
Fair.

Mr. A. B. Lipscomb, president of the
Louisville advertisers club, will be at
the head of the special nights' pro-
gram. Mr. Lipscomb is ambitious to
make the special night features a
greater attraction than at any previ-
ous fair and with the addition of the
night horse show, which has proved
such a popular attraction at all of the
leading State Fairs and Hippodrome
performances in the pavilion, there is
little doubt that his hopes will be re-
alized. Associated with him are the
following influential and enterprising
gentlemen, each of whom will strive
to make his night the best: Prof. E. H.
Mark, of the Louisville public schools,
who will be chairman Monday night;
Mr. Louis Seelbach, chairman Tues-
day night, which has been named Ger-
man-American night; John Rechten-
wald, president of the Louisville feder-
ation of labor, chairman Wednesday
night, labor night; Col. W. B. Hald-
man, commander of the first Kentucky
regiment, chairman military night
Thursday night; John J. Barry, chair-
man Irish American night, Friday
night; J. E. Dorland, chairman fare-
well night, Saturday night.

Saturday should be an entertaining
day to the children, as the Shetland
pony classes will all be exhibited, and
to the general public on account of the
horse championships being awarded
that day.

MACHINERY EXHIBITS.

Plenty of Space For Such Displays at
Kentucky State Fair.

Applications for space in the ma-
chinery department are being received
daily at the State Fair offices. The
importance and magnitude of exhibits
in this department are growing every
year. While the same advantages are
not offered to exhibitors as are given
them by older institutions in the way
of machinery halls, there will be
plenty of space in one of the most con-
veniently located parts of the grounds
for exhibits of this nature, and every
other facility and accommodation will
be at their disposal. Among those
who have signified their intentions of
making displays at the Fair this year
are manufacturers of engines, pumps,
stock scales, fences, mills, road ma-
chines, vehicles, harvesting machines,
hay machines, planters, plows, and
everything in the way of modern up-to-
date machinery and farming utensils.
The farmer who would keep abreast
of the times, must necessarily be in-
structed in the use of better methods
of farming and the use of improved
and labor saving machinery on the
farm, and can find no stronger object
lesson than at an exhibition of this
kind.

AN INNOVATION.

Hereford Sale at the Kentucky State
Fair.

For the first time at the Kentucky
State Fair there will be held a public
sale of registered Hereford cattle on
Thursday, Sept. 16th, 1909. This sale
will be made up of some of the best
cattle owned by Kentucky Hereford
breeders, and something like fifty head
will be offered.

If this sale is a success, as is
confidently believed it will be, in the
future public sales of other breeds of
cattle will probably be held, as well as
registered sheep and hogs. Any farmer
wanting foundation stock of Here-
fords would do well to be on hand at
this sale, as the cattle will be sold
irrespective of price, to the highest
bidder.

For catalog, entry blank or other
information, write J. W. Newman,
Secretary, 320 Paul Jones Building,
Louisville, Ky.

Hot and cold baths at all hours.
Everything neat and clean. Polite
barbers always ready to wait on the
trade. No long waits. You are next.

M. A. KAHAL.

Generally.

Every little while the public gets
greatly excited over the discovery of a
poem by some dead poet who did not
consider the thing worth being in-
cluded in his collected works. Gener-
ally we find, in spite of the public's
hurry over the discovery, that the
dead poet exercised pretty good judg-
ment.

On Common Sense and Madness.

Common sense confuses the fact of
experience with inevitable facts, and
supposes in good faith that what is,
is the measure of what may be. Mad-
ness, on the other hand, cannot per-
ceive any distinction between what is
and what it imagines—it confuses its
dreams with reality.—Henri Frederic
Amiel.

New Capitol a Beauty.

The new State Capitol is almost completed and will soon be furnished. Already it has become the means for hundreds of Kentuckians who stop off at Frankfort to see this beautiful building, the pride of every Kentuckian regardless of politics. It is estimated that there will be 50,000 people here to attend the dedication. It is estimated that more than 10,000 people out in the State will take advantage of the Capitol fare rates to visit Frankfort and see the new capitol. Every tourist passing through from Louisville to Lexington and from Lexington to Louisville stops over to see the Capitol. This building will be seen by more people during the next five years than any other capitol in the South. The carpets and rugs are all practically down.

Most of the carpets and rugs are two tone green, but in some of the rooms such as the Governor's reception room, the Court of Appeals, the Senate and Representatives' chamber, the carpets and rugs match the ceiling. They are the handsomest hand made tufted Austrians, all imported. The contract for the carpets alone in the Capitol is about \$18,000.

Champs May Have New Owner.

A deal is now under way by which the Frankfort base ball team franchise and players will be transferred by the members of the stock company which now owns it, to a prominent business man of Frankfort. The only consideration contemplated is that the franchise shall be kept in Frankfort and the city have a team in the Blue Grass League.

BASE BALL.**TUESDAY'S GAME.**

Two hundred Paris fans went to Richmond Tuesday to see the double-header between the Bourbonites and the Pioneers. The first game was called at 2 o'clock in the presence of a very large crowd, although heavy black clouds were hanging low.

The first man up was Ochs, who landed on the first ball pitched for a clean single and stole second. Just as he landed on the bag the rain began to fall in torrents for about thirty minutes. This necessitated the calling off of the first game.

The second game was called at 3 o'clock. Winchell was on the slab for Paris and with the exception of the third inning pitched gilt edge ball. In this one inning they made four hits. Golden was in the box for the Pioneers and pitched good ball. After the third inning Winchell was invincible, his trouble in the third was his slipping when delivering the ball, preventing his curves from breaking. The Bourbonites should have won the game. Errors and failing to connect with the ball at the proper time caused the Pioneers to win. Following is score and summary:

Richmond.....00200010x-3
Paris.....10100000-2
Struck out—Golden 8; Winchell 2.
Base on balls—Golden 1. Stolen bases—Whittaker. Sacrifice hits—Hannigan, Seebach, Krug. Wild pitch—Golden 1. Hit by pitcher—Golden 1. Two base hits—Ochs. Earned runs—Richmond 2; Paris 1. Left on bases—Richmond 7, Paris 5. Umpire—Retsche. Time—1:40.

WEDNESDAY'S GAME.

The Bourbonites dropped the second game to the Pioneers at Richmond Wednesday, not by inferior ball playing, but by the raw decisions of umpire Retsche, who seemed determined to take the game from Paris. This man is utterly incompetent to fill the position he is now holding. Elgin was put out of the game in the fifth inning because he protested at the second raw deal he received from the umpire in succession. It is said the most amiable ball player on earth could not have kept from protesting against such treatment as Elgin received at the hands of Retsche. The Paris team played almost perfect ball, only making one error, while Richmond made five errors. The Richmond scorer only gives the Paris boys four hits, when it should be six. Schenck made one clean hit and Bevens, the catcher that took Elgin's place in the fifth got a two bagger and neither of these players are given credit for a hit. Dugger not only pitched good ball but was there with his stick as usual and got two hits. Hannigan, who is credited with the only error on the Paris side, which was not costly, played a star game at third. To sum up the game in true form, it can be said that it was a game given to Richmond by umpire Retsche. The following is score and summary:

Richmond.....10011110x-5
Paris.....101000010-3
Struck out—Creager 2; Dugger 3.
Bases on balls—Creager 4; Dugger 1.
Sacrifice hits—Scott, Hannigan, Thoss, Krug. Home run—Krug. Two base hits—Tilford, Thoss, Bevens. Three base hits—Hannigan. Wild pitch—Creager 1. Stolen bases—Grohe, Krug. Hit by pitcher—by Dugger 1. Double plays—Creager to Krug to Thoss.

Left on bases—Paris 8, Richmond 4. Earned runs—Richmond 3. Time one hour and thirty minutes. Umpire Retsche.

YESTERDAY'S GAME.

The Bourbonites met with their third defeat of the week yesterday at Frankfort when the Lawmakers won the game by score of 4 to 2. It was a sloppy kind of game from start to finish. Simms was in the box for Paris and pitched a good game. It was not his fault that the game was lost, but mostly due to a decision of Umpire Cornell, one of the Frankfort players who was using the indicator. Crutcher, an old American League pitcher, made his first appearance with Frankfort, and was batted freely. Little Ochs put one over the fence and circled the bases. We were unable to get score by innings or a summary of the game.

School Improvement League.

A very important meeting of the School Improvement League will be held Tuesday morning at 9:30 o'clock, at the court house.

The business in hand is the election of officers, the payment of the annual dues and the discussion of plans for the organization of new leagues and other winter work.

The greatly need work for the rural schools has been somewhat limited during the last year because of a lack of funds, so the recent gift of \$250 to the league made by one of our public spirited citizens has been most gratefully received and appreciated. Plans for the best use of the money will be made at this meeting.

Reports of the year's work will be made from the local leagues at Shawhan, Clintonville, Cunningham, Shakespear, Clay's Cross Roads, Centerville, Deav r, and Ruddles Mills. Every member in the county is earnestly requested to be present and bring several new members with her. All visitors will be gladly welcomed. Don't forget the dues, \$1.00.

Double Header Today.

Two games of ball for one price of admission today at White's Park. Paris vs. Lexington. First game called at 2 p. m. sharp. Second game follows immediately afterwards.

Party Leaves for an Outing.

A party composed of Douglas Thomas of the L. & N. engineering corps, "Doc" Horton and Henry Terrill of the train dispatchers force, and baggage master Guy Overby, left Wednesday night for a month's hunting and fishing in the Michigan woods. The party will camp near Cedarville, close to Mackinac and anticipate a pleasurable outing.

Quarantine Effective August 16.

Governor Augustus E. Wilson Tuesday night received from the National Department of Agriculture at Washington a telegram announcing that the quarantine against Kentucky sheep becomes effective August 16, and is to be continued until such time as State authorities have eradicated the disease known as "scab" in sheep. The Governor will today wire a request to Secretary Wilson of the department that the quarantine be held up until Kentucky officials have time to take action. He will also by manifesto urge the breeders to act promptly in driving out the disease.

Shuberts to Enter Lexington.

A long felt want of the big Shubert theatrical syndicate is at last about to be satisfied. The Shuberts are to enter Lexington. The deal which J. M. Perkins, of Frankfort, has been making to secure control of the Auditorium theater in Lexington for a term of three years, is now practically closed and all that remains to be done is to have the parties signed, unless some unexpected hitch bobs up at the last minute. The new theater will have none but Shubert shows, and it will be one of the Shubert circuit of theaters. The plan is to have each show that comes to Louisville and Cincinnati the coming winter to exhibit two nights in Lexington, one night in Frankfort and three nights in Louisville each week. The Shuberts own the Lyric Theater in Cincinnati, and have leased the Masonic Theatre in Louisville.

Morgan's Men to Gather Again.

A glorious reunion of Morgan men will be held at Parks Hill Tuesday and Wednesday, August 17 and 18, at which not only all Morgan men but all Confederates of whatever commands are urged to be present. Notices bearing invitations have been sent out to Confederates, by G. R. Keller, secretary, and Basil W. Duke, President of the association. Confederates are looking forward to a grand old time getting together to the boys who lived and fought through the dark "sixties."

Thaw is Again Declared Insane.

Justice Mills on yesterday morning at White Plains handed down a decision yesterday morning declaring that Harry K. Thaw is insane. He dismissed the writ of habeas corpus under which Thaw endeavored to secure his release from Matteawan and remands him to the custody of the State authorities at that institution.

RELIGIOUS.

—Elder Carey E. Morgan will fill his pulpit as usual at the Christian church Sunday morning.

—Union services will be held at the Baptist church Sunday night, and Elder Carey E. Morgan will preach the sermon.

—Rev. M. T. Chandler will preach at Palmer school house near town Sunday afternoon at 3:30 o'clock.

—No services at the Presbyterian church Sunday.

—Elder E. B. Buffington will preach at the old Cane Ridge church Sunday.

Burton Appointed to Cuban Army.

Major R. A. Burton, commander of cadets, Millersburg Military Institute, has been tendered the position of Major in the new Cuban army now being organized, according to information that has been given out. Major Burton has been prominent in military circles of the State for several years. For some time he was commandant at Kentucky Military Institute. He has recently passed an examination before army officers.

The Kiss of History.

The ancient Teutons observed the kiss solely as a symbol of love and friendship. With them, as with the Anglo-Saxon race to-day, the firm handshake was the usual form of salutation in public. In medieval times the kiss became the symbol of other sentiments. The vassal had to kiss the sword of his feudal lord. The "osculum gladii correcti" was the symbol of fealty. In courts of justice the crucifix on the Bible was kissed, a custom still extant.

Fire at Richmond.

There was a destructive fire in Richmond late Monday night, the loss exceeding \$30,000. The fire originated in Abzell's livery stable on Main street and for a while looked as if the entire central part of the city was doomed. In addition to the livery stable, the city fire department buildings were destroyed.

Dishwashing Not Husband's Duty

Dishwashing is not a part of the husband's duties, Police Judge McGannon ruled at Cleveland, Ohio, Wednesday. Harry Cohen, twenty-three years old, was in court charged with beating his wife. Cohen said that his wife stated a fight when he refused to wash the dishes and clean up the house. He said he did not beat her but only defended himself.

Judge McGannon discharged Cohen.

Coal Gas Product.

According to the reports of the geological survey, 58,000,000,000 cubic feet of coal gas was made in the United States during 1907 by 513 companies. Of this product 54,600,000,000 cubic feet was sold for \$36,327,397 and the remaining 3,400,000,000 cubic feet was "lost, strayed or stolen." The average value of the 1907 product was 66 cents a thousand feet. The product of 1906 averaged 81.4 cents a thousand feet, which shows that gas is becoming cheaper.—Popular Mechanics.

Important.

Sleeping car diagrams for the special train to Atlantic City via Chesapeake & Ohio Railway leaving Lexington August 19th are now open for reservations. Call on or address GEO. W. BARNEY, D. P. A. Lexington Ky.

STOMACH LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach.
Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

GIVEN AWAY.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

W.B. Reduso CORSETS

The Perfect Corset for Large Women

It places over-developed women on the same basis as their slender sisters. It tapers off the bust, flattens the abdomen, and absolutely reduces the hips from 1 to 5 inches. Not a harness—not a cumbersome affair, no torturing straps, but the most scientific example of corsetry, boned in such a manner as to give the wearer absolute freedom of movement.

New W. B. Reduso No. 770 for large tall women. Made of white coutil. Hips supporters front and sides, also made in batiste. Sizes 20 to 36. Price \$3.00.

New W. B. Reduso No. 772 for large short women, is the same as No. 770, except that the bust is somewhat lower all around. Made of white coutil. Hips supporters front and sides. Also made in batiste, Sizes 20 to 36. Price \$3.00.

Ask any dealer anywhere to show you the New W. B. "Hip-subsiding" model from \$1.00 to \$3.00 per pair.

STOCK, CROP AND FARM NOTES.

—New Irish potatoes are retailing in Paris at 25 cents per peck.

—Layson Tarr, of Millersburg, sold 35 yearling mules at \$105 per head.

—John Ralls, of Bath, sold a 3-year old Jack to an Indiana buyer for \$1,000 last week.

—Robertson county farmers are starting a move to pool their 1910 lambs and wool.

—Joe Frakes bought from S. S. Co. 37 extra steers from Joe Stewart at six cents, and also bought three carloads of cattle from Mr. Marshall, of Clark, at \$6.15 per hundred.

—Commissioner of Agriculture Rankin Friday received notification from State Entomologist H. Garmon, of Lexington, that he has found the San Jose Scale on certain nursery stock in McCracken county. Steps will be taken to eradicate the baneful tree disease as soon as possible.

—An indicated winter wheat total yield of 432,920,000 bushels, finally estimated last year; an average condition of winter wheat 90.3 against 90.1 a year ago, corn 84.4 against 82.5, spring wheat 91.6 against 80.7, and oats 85.5 against 76.8. This summarizes Tuesday's crop report of the Department of Agriculture.

—In an attempt to avert the threatened quarantine of sheep in Kentucky resolutions have been passed by the officials of the Kentucky Sheep Breeders' Association calling upon Governor Willson to convene all county judges of the Commonwealth in Louisville September 15. At this meeting county pledges of funds will be taken to stamp out scabies among sheep in the hope that the quarantine will not be established. State health officials and officers of the Sheep Breeders' Association were present in the conference. The plan formulated is to demand co-operative work from all fiscal Courts of the State.

—The latest bulletin from the Ohio Agricultural Experiment Station shows what can be done in the way of raising apples in Ohio. It tells of a man who last year sold 1,650 barrels of apples from his 12 acres near Fremont for approximately \$7,400. His net returns from the crop exceeded \$5,500, or nearly \$500 per acre. The man is Mr. John A. Stokes and his three 4-acre orchards contain 534 trees in all, ranging in age from 12 to 24 years. His big yield was obtained through no marked superiority of stock or soil, but simply through intelligent and scientific treatment of the trees, which were sprayed at the right times and with the right preparations.

Tobacco Worms Scarce.

One unusual feature of the tobacco crop this year is the scarcity of tobacco worms. The farmers are at a loss to account for the relief from the pest but some of them believe that because there was no crop last year that the tobacco fly became almost extinct and therefore there are no eggs left to hatch out this year. Usually the tobacco grower has a hard fight for several weeks to keep the tobacco worms from eating up the crop but this year there are many fields that have not a single hole in any leaf which is regarded as most remarkable. At the same time it is a great help to the growers for it lessens the labor over one-half and insures a better grade of tobacco. A crop of tobacco that has many of the leaves with large holes on them sells for much less than a crop that has perfect leaves.

Soldier Balks Death Plot.

It seemed to J. A. Stone, a civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 175 pounds." For severe Colds, obstinate Coughs, Hemorrhages, Asthma, and prevent pneumonia it's unrivaled. 50c and \$1.00. Trial bottle free. Guaranteed by Oberdorfer, the druggist.

The Silly Season.

The Danville Advocate man is a wise old owl. He says: "And, speaking of the silly season as the late J. Soule Smith, of Lexington, who wrote under the pen name of 'Falcon' once described it, we now have the chautauqua assemblies scattered over the various parts of the country, composed mostly of people who say eyether and nyether and make a scapegoat of programme by calling it program. There will be more bread a's and short o's sounded than have been heard for the past twenty years in old Kentucky. The grawse will grow in humble awe, while moonfaced women with weak eyes and strong minds will gaze through glawsses and propound psychological conundrums to men with thin legs and bulging eyebrows. The whole atmosphere will be thoroughly infused with wisdom that any prudent man will be tempted to cut it into strips and dry a cart load of it for use next winter. This intellectual jerked beef will even supersede Boston baked beans."

Insure with W. O. Hinton. Prompt paying non-union companies.

TREASURY DEPARTMENT, office of the Supervising Architect, Washington, D. C. July 22, 1909. Sealed proposals will be received at this office until 3 o'clock p. m. on the 30th day of August, 1909, and then opened, for the construction (including plumbing, gas-piping, heating apparatus, electric conduits and wiring) of the U. S. Post-office at Paris, Kentucky, in accordance with the drawings and specifications, copies of which may be had from the Custodian of site at Paris, Ky., or at this office at the discretion of the Supervising Architect. City Property.

BOURBON CIRCUIT COURT.

Jonathan Myall's Devises, - Plaintiffs Vs.—NOTICE OF SALE.

Mary Lou Myall, &c., - Defendants

By virtue of a judgment and order of sale made and entered in the above styled action at June, 1909, term of the Bourbon Circuit Court, the undersigned Master Commissioner of the Bourbon Circuit Court will on

Saturday, August 14th, 1909,

sell at public auction to the highest and best bidder the property hereinafter described and ordered to be sold in this action at the court house door in the city of Paris, Ky., at about the hour of 11 o'clock a. m., on a credit of six and twelve months for equal parts of the purchase money. The purchaser will be required to execute bonds for the purchase price, payable to the undersigned Master Commissioner, with good surety, bearing interest at the rate of six per cent. per annum from date until paid. The property to be sold is described as follows:

A certain house and lot situated on Williams street, Paris, Ky., adjoining the lot of Mary A. McCarthy, on the North, and the lot of R. P. Dow on the South; fronting 56 feet on Williams street and extending back therefrom between parallel lines a distance of 188 feet and is the same property conveyed to Jonathan Myall by John Shea and wife by deed of record in Deed Book 90, page 338, Bourbon County Clerk's office.

THE STANDARD OF THE WORLD

Census Supervisors.

President Taft has decided that in appointing census supervisors, Republicans only will be named in the Southern and Western States. In the Southern States, with the exception of Kentucky, Tennessee, Missouri and North Carolina, half of the Supervisors will be Democrats. Considering the Southern States named as debatable ground the President will name members of his own party in the hope of strengthening it.

For Family Use.

SIX GREAT DAYS.

Special Day Program at the Kentucky State Fair.

The special day program is one of the most interesting parts of the State Fair. It will bring many additional thousands of visitors to the Fair. Fred W. Keisker is the general chairman of the special days' committee. Monday, Sept. 13th, the first day, will be known as school children's day and Louisville Times day. Prof. J. G. Grabbe, state superintendent of public instruction, who has been made chairman of this day's program will make an extraordinary effort to secure a record breaking attendance of school children from the city of Louisville and state of Kentucky. As this is the opening day, the ceremonies will likely include an address by the governor and a number of other distinguished speakers are expected to honor the Fair with their presence on this occasion.

As the naming of each day for the daily papers of Louisville is an innovation in the Special Day program, each paper will try to make its day the biggest, and the power of the press once wielded in behalf of an institution like this can bring tremendous results. Mr. Robert W. Brown, managing editor of the Times, is vice chairman for the first day. Tuesday, Sept. 14, will be Fraternal Day. Mr. Charles B. Norton is chairman, and Mr. George A. Newman, editor of the Herald, is vice chairman.

All the leading fraternal organizations in the state will be asked to join in a grand parade and make this a general reunion or common meeting ground for all the fraternal organizations within the state. 'On this day the judging of all departments will begin. Horses and mules and cattle will be exhibited in the livestock pavilion. The sheep, swine, poultry and other departments will be judged in separate arenas within their department enclosures.

Wednesday, Sept. 15, will be Louisville and Southern Indiana Day and Courier-Journal Day. Mayor James F. Grinstead of Louisville will be chairman; Mayor Jacob Best of New Albany, Mayor E. N. Flynn of Jeffersonville, and Graham Vreeland, managing editor of the Courier-Journal, will be vice chairmen. The mayor of Louisville and the mayors of the two neighboring cities across the river will each issue a half-holiday proclamation. Some of the best horse rings of the week are scheduled for this day. Also jack stock, Hereford and Angus cattle, Ayrshire cattle, Duroc and Chester White swine, Hampshire, Cotswold and Dorset sheep will be judged. Thursday, which has always brought the largest attendance at past fairs, has been very appropriately designated as Kentucky Day, Press Day and Good Roads Day. More Kentuckians will be seen together than on any single day or single event of the year. Mr. T. C. Underwood, president of the Kentucky Press Association, is chairman of the day, and will have associated with him all the active and public-spirited newspaper men of the state, which alone should make it a banner day.

Hon. Joseph F. Bosworth, president of the Kentucky Good Roads Association, is vice chairman. As an active campaign for the good roads amendment to the constitution will be waged throughout the state the coming fall, it is likely that some of the big guns for this much needed public improvement will open their first fire at this meeting. President Bosworth believes that nearly all the good roads enthusiasts in the state, which equal a good-sized army, will be on hand. Several rings of horses will be shown in the pavilion, and Shorthorn cattle, Hampshire, Tamworth and Yorkshire swine, American Merino, Delaine Merino, Rambouillet, Lincoln and Cheviot sheep and Angora goats will be judged.

Friday Sept. 17th, will be Equity Day, Tobacco Growers' Day, Grange Day, Louisville Post Day. Colonel C. M. Barnett, president of the American Society of Equity, will be chairman, and F. P. Wolcott, master of the Kentucky State Grange, and Mr. Boyl G. Boyle, managing editor of the Post, are vice chairmen. This should certainly be a farmer's day, and if all indications do not fail, the "Sons of the Soil" will be out in greater numbers than was ever known before. The tobacco growers from the dark patch, the Green River district, and the Burley section, are all coming strong, and each will try to outnumber the other. The Patrons of Husbandry, that noble band of enlightened farmers who have worked wonders for the betterment of agricultural industry in this country, will likely attend in goodly numbers from this and other states. The judging in all departments except horses will be concluded this day, and in the afternoon there will be a grand parade of all livestock winners in the Livestock pavilion. These animals will be decorated with ribbons worn at this fair and other great fairs and expositions this year, which will form a most pleasing sight for Fair visitors, and especially enthusiastic lovers of blooded stock.

Saturday, the last day, will be Everybody's Day, and all who have not been included in the foregoing days may be very aptly classed in this.

For catalog, entry blank or other information, write J. W. Newman, Secretary, 320 Paul Jones Building, Louisville, Ky.

Eat Little Meat In Summer.

The amount of food devoured is IMMENSELY BEYOND any needs or demands of the physical system. The heat of the body must always be sustained at nearly 100 degrees. In summer we have only to combat a few degrees of lower temperature, but in winter by food and clothing we must raise the body heat from zero outside of us to 100 degrees above zero inside of us.

It plainly will not do to eat in summer as we do in winter, as much or of the same kind of food, if we consider heat alone.

But in summer we live, as a rule, more active lives and pass off superfluous heat with great ease and rapidly, while the surface of the body is cooled by perspiration.

It is probable that most people digest and assimilate and dispose of waste SO MUCH BETTER IN THE WARM SEASON that they eat more than in winter and ought to do so. The kind of foods used should, however, be very unlike. It is almost impossible in summer to eat too much of ripe fruits, while of meats very few should eat large amounts in warm weather.

Meat should not be cooked in summer as much as in winter.

Cheap Protection from Lightning

Prof. Henry, of the Weather Bureau at Washington, in a bulletin just issued, entitled "Cheap Protection from Lightning," declares that more attention should be given to the subject, as 80 people are killed, twice as many injured and an immense amount of property destroyed by lightning every year.

Prof. Henry shows how lightning rods that are "inexpensive, yet effective," may be put up by anybody. The following is his list of necessary materials: Enough galvanized iron telegraph wire to serve for the rod, a pound of galvanized iron staples to hold the wire in place, a few connecting these and a pound of aluminum paint.

"While iron is not so good a conductor as copper," said the professor, "it is less likely to cause dangerous side flashes, and it also dissipates the energy of the lightning as more effectively than does the copper."

Did Not Know Value of Find.

Recently the British barque Antiope sailed from Newcastle, Australia, to San Francisco. On the voyage a great quantity of grease was seen floating on the surface of the ocean. A calm prevailed at the time, and the sailors drew up many bucketfuls. With this grease they anointed the masts, their sea boots and oilskins. They regarded their find as ordinary grease and wasted it as such. As a matter of fact, the grease was ambergris, and the waste of material worth something like \$20,000.

The Secret of Long Life.

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system. Its a Godsend to weak, sick and debilitated people. "Kidney trouble had blighted my life for months," writes W. M. Sherman, of Cushing, Me., "but Electric Bitters cured me entirely." Only 50c. at Oberdorfer's drug store. aug

Requisition Honored.

A requisition from Gov. Patterson, of Tennessee, was honored by Gov. Willson Saturday for the return to Knoxville for trial of Lush Young, alias Lush Young, who is under indictment there for murder. Young in under arrest in Louisville and will be taken back to Tennessee at once.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O. Sold by druggists 75c. Take Hall's Family Pills for constipation.

Letters Made Public.

At the session of the Naval Board of Inquiry at Annapolis Wednesday Mrs. Sutton's letters in reference to the death of her son, Lieut. James N. Sutton, were made public. In the letters she accuses Lieuts. Adams, Utley, Ostrom and others of beating her son to death, and she charges Adams with firing a bullet into the dead man's brain to bolster up a story of suicide.

Revolts at Cold Steel.

"Your only hope," said three doctors to Mrs. M. E. Fisher, Detroit, Mich., suffering from severe rectal trouble, "lies in an operation," "then I used Dr. King's New Life Pills," she writes, "till wholly cured." They prevent Appendicitis, cure Constipation, Headache, 25c at Oberdorfer's drug store.

President Helps Orphans.

Hundreds of orphans have been helped by the President of the Industrial and Orphan's Home at Macon, Ga., who writes: "We have used electric bitters in this institution for nine years. It has proved a most excellent medicine for stomach, liver and kidney troubles. We regard it as one of the best family medicines on earth." It invigorates the vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up thin, pale, weak children or run down people it has no equal. Best for female complaints. Only 50c at Oberdorfer's.

TWO WINNERS.

Dain Three Side Hitch Rake.

This Rake is so constructed that the point of the teeth conform to the uneven meadow surface without wrenching or straining any part. This flexible feature insures clean raking, and being a decided advantage possessed by no other rake, should not be overlooked by anyone in the market. The material entering the construction of this Rake is the best money can buy; the workmanship first-class; both are covered by our broad guarantee. For a durable, handy Rake of large capacity at a moderate price, the Dain has no equal.

THE WONDERFULLY EASY FOOT-LIFT THIS CUT ALSO ILLUSTRATES THE DIRECT UNDERDRAFT FEATURE

Every farmer knows that the greater the "Underdraft" of a mower, the better and easier that mower will do its work. Every other maker of mowers uses some device that will enable him to secure as much "Underdraft" as possible. The best of these devices, however, are but makeshifts by which at least two-thirds of the draft is applied through the pole. Walter A. Wood Mowers alone possess genuine "Underdraft." Every ounce of draft is applied through the draft rod (shown in above cut) right where it is needed. A visit to this store will make this valuable feature clear. We honestly believe the Admiral is the best mower on the market to-day and are eager to show it to you and tell you all about it.

MILLERSBURG ITEMS.

—Mrs. Margaret Dorsey left Monday for a visit to her sister-in-law, Mrs. Griffith, at Paynes Depot.

—Mrs. M. R. Collier left Monday for a visit to her daughter Mrs. Wm. Bedford, of Lexington.

—Mrs. J. J. Peed and daughter, Miss Dorothy and niece, Miss Nancy Peed, the latter from Mayslick left Wednesday for a week's sojourn at Torrent.

—Quite a number are attending the Blue Grass Fair and Parks Hill Chautauqua from here. Miss Martha Smith is among the number who are camping at Parks Hill.

—Miss Ella B. Metcalfe, of Maysville, arrived Wednesday from Danville, Ind., where she has been for several weeks, to spend a few days with her cousin, Miss Laura Jefferson.

—Mr. H. M. Campbell received the third degree in Masonry Wednesday night. F. F. Hurst, W. M. pro tem, officiated. The work was well done and quite a number of visiting brothers were present. This was due largely to the Hurst Home Insurance meeting, which was held that day, my remaining over to witness the work done by old Amity, as she has a reputation for her excellent team work.

—Mr. and Mrs. E. M. Ingels entertained a large number of the young people Monday evening from 8 to 12 in honor of the sixteenth anniversary of their daughter, Miss Elizabeth Ingels. The lawn was beautifully illuminated with lanterns. The young hostess, who is one of the most perfect samples of God's last creation, was handsomely attired in lavender silk. Games of various kinds were indulged in and refreshments were served. During the entire evening there was something doing.

Fill Your Coal House.

Let us fill your coal house. We have the best price and the best coal. ARKLE & CO., Tenn. phone 178, Jas. Arkle, Manager.

For Protection of Lives.

A movement which it is believed will be of incalculable value to the protection of the lives of coal miners of Kentucky was inaugurated Wednesday at the Mine Foreman's School of the College of Mining Engineering of Kentucky State University. This movement was the beginning of the establishment of a school of instruction in rescue work, and it is expected will be the means of establishing a rescue station in this State by the United States Government.

Does the World Think?

Man is evidently made for thought; this is his whole dignity and his whole merit; his whole duty is to think as he ought. Now the order of thought is to begin with self, and with its author and its end. Now of what thinks the world? Never of these things, but of dancing, playing the lute, singing, making verses, tilting at the ring, etc. of fighting, making ourselves kings without thinking what it is to be a king or what to be a man.—Pascal.

The Tobacco Fight Over.

The war between the Burley Society and the American Society of Equity is over, and the two organizations will work in harmony in pooling the 1909 crop under the control of the Burley Tobacco Society if the agreement reached at Winchester Tuesday afternoon is ratified by the State and National organizations of the Society of Equity.

According to the terms of the agreement the Burley Tobacco Society will pay the American Society of Equity \$10,000 for its help in pooling the 1909 crop, to be divided equally between the National and State unions, \$5,000 of this sum to be paid October 1, if the 1909 crop is sold, the whole amount to be chargeable to the 1909 crop.

In all counties where there are local unions of the American Society of Equity will pay \$1 to such union for every hog-head of tobacco pooled in that county.

The Burley Tobacco Society agrees to adopt a by-law fixing a maximum price for pricing all pooled tobacco. It also agrees to adopt a by-law providing that all money coming into the hands of the central office of the Burley Tobacco Society from the sale of tobacco shall be paid to the county boards of control to which it belongs within ten days after it is received from the buyers.

The result is a compromise of the differences between the two organizations. While the American Society of Equity, led by Congressman Cantrill, has secured important concessions and may be regarded as having won a victory, the Burley Tobacco Society retains control of the pool and the essential features of the pooling contract as originally promulgated will remain in force.

Higher Standard.

That negroes in their secret and fraternal organizations can best serve their race by holding up a higher standard of admittance and insisting upon worth of character and to a certain degree, education, was the recommendation of Grand Master Edward B. Davis, of Georgetown, before the forty second annual communication of the Free and Accepted Negro Masons of Kentucky, in session at Hopkinsville last week.

In response to the address of welcome, Prof. Davis said:

"We concern not ourselves with the eternal negro question. We yearn not for social equality." He made a strong plea for an equal opportunity for the advancement of his race and declared his faith in the justice of the American people. Among other things he said: "We recognize that the white race is dominant in Kentucky, and, while trying to imitate their virtues, we ask that the example you set be pure, true and upright. One man can only keep another down by staying down with him. Unless envy and prejudice be destroyed, the whole body politic will become inoculated and the Government will crumble. No government founded on ignorance and might rather than intelligence and right can stand. We are teaching our boys and girls to be honest, upright, faithful and industrious citizens, working out justice to all men."

Prof. Davis was re-elected Grand Master. He is principal of the Georgetown colored city school.

Bleriot and Wrights May Contest

Louis Bleriot, French aviator, has asked the Alaska-Yukon-Pacific Exposition, through his agents, for an offer for an exhibition with the aeroplane with which he made his famous flight across the English Channel. The exposition made an appropriation of \$25,000 for a contest between Bleriot and the Wrights but the latter have not accepted.

Illiteracy of Present-Day Youth.

It does not seem to us that the modern boys, rich with the spoils of Carnegie and Fowler libraries, are superior in intellect or English to their predecessors, who were restricted in their diet; and besides, under the sway of automobile and outdoor life, there is no time to read. The colleges swarm with agreeable and healthy youth destined to be prosperous and charmingly illiterate.—New York Sun.

Lesson of Nature's Springtime.

Any prospect of awakening or coming to life, to a dead man, makes indifferent all times and places. The place where that may occur is always the same, and indescribably pleasant to all our senses. For the most part we allow only outlying and transient circumstances to make our occasions. They are, in fact, the cause of our distraction. Nearest to all things is that power which fashions their being. Next to us, the grandest laws are continually being executed. Next to us is not the workman whom we have hired, but the workman whose work we are.—Henry D. Thoreau.

Master Commissioner's Sale

—OF—

City Property

BOURBON CIRCUIT COURT.

Sara J. Short's Adm., - Plaintiffs
Vs.—NOTICE OF SALE.

James M. Short, Etc., - Defendants

By virtue of a judgment and order of sale made and entered in the above styled action at the June, 1909, term of the Bourbon Circuit Court, the undersigned Master Commissioner of the Bourbon Circuit Court will on

Monday, September 6, 1909.

at the court house door in the city of Paris, Ky., about the hour of 11 o'clock a. m., sell to the highest and best bidder the property described in the judgment and ordered to be sold in the above styled action, to-wit:

A certain house and lot in the City of Paris, Ky., fronting on Main street 76 feet, being on the North-west corner of lot No. 12 and extending along Second street 141 feet, being the same width from front to rear and adjoining the property of Samuel Kerslake and John T. Hinton and being the property conveyed to Sarah J. Short by Mrs. S. S. Higgins and Annie J. Sanders by deed of record in the Bourbon County Clerks' office in Deed Book 65, page 833 and Deed Book 67, page 7.

Said sale will be made on a credit of six and twelve months for equal parts of the purchase money. The purchaser will be required to execute bonds with good surety payable to the undersigned Master Commissioner and bearing interest at the rate of six per cent per annum from day of sale until paid. RUSSELL MANN, M. C. B. C. C., McMillian & Talbott, Attorneys, M. F. Kenney, Auct. a16 20 27-s3

FOR SALE-SHEEP700 good stock ewes.
50 Southdown bucks.
aug3-1m W. G. McCLINTOCK, Paris, Ky.Make the Most of Everything.
A man who knows the world will not only make the most of everything he does know, but of many things he does not know; and will gain more credit by his adroit mode of hiding ignorance than the pedant by his awkward attempt to exhibit his erudition.—Colton.**Characteristics of Servians.**

Servians in their good nature and love of humor are said to remind travelers of the Irish peasantry. They are hospitable to strangers; their patriotism is vehement, almost quixotic, and they take great interest in politics. Many of the domestics in the towns and cities come from abroad, as the Servian girl is too independent for domestic service.

OUR WONDERFUL CLEARANCE SALE**Sweeps on to still Greater Success.**
